

Kids & Classics Boatshops Museum

K&C is an all-volunteer community boatshop and museum in Glen Williams, Ontario Canada

Our Boats 4 Folks event sees a Probation Officer bring 4 Kids-at-Risk on a Saturday

morning and by Sunday afternoon they have built a modified Bevin's skiff which they launch and row.

The following weekend the same kids return to go sailing on our restored Lightning and boating in our restored antique boats.

At the request of the Police and other youth org's we have created additional hands-on programs including a mini-paddle carving event.

Other skills we share include antique outboard motor repair, surface prep, varnishing and painting.

We also deliver these youth activities at ACBS and other boat shows.
