

Independence Seaport Museum

ISM Small Boat Rentals

This program aims to get the public out on the water and interested in boating. We are in our third year of the program and we continue to grow each year. The general public as well as children from our summer camp programs are exposed to rowing, paddling, and pedaling small boats in the basin just outside of the museum. Participants are offered the choice of a traditional rowboat, a sit on top kayak, or a pedal powered swan boat. Regardless of the boat they choose, each individual is provided the unique opportunity to remove themselves from the urban environment and experience life on the water.
