AMO members work aboard a variety of vessels on U.S. inland waterways and in major harbors

AMO members train cost-free at STAR Center, the premier maritime training institution in the United States

STAR Center provides full mission simulation training (deck, engine, radar and liquid cargo), complete STCW certification training and license upgrading programs – all departments

STAR Center provides comprehensive dynamic positioning (DP) training accredited by the Nautical Institute

The AMO fleet roster includes vessels that employ DP systems as part of their regular operations

STAR Center provides LNG training certified to the standards of SIGTTO, Military Sealift Command and MARAD required courses, and other specialized training programs

AMO members are covered by medical, dental, optical and vacation benefit plans. AMO members draw retirement benefits from the employer paid Defined Contribution Plan and the Money Purchase Benefit Plan, as well as individual accounts in the AMO 401(k) Plan
