

# The Landing School

---

Headquartered in Arundel, Maine, The Landing School is a full-time post-secondary school that blends education in modern yacht design, boat building and marine systems technology under one roof. Founded in 1978, The School's inaugural program focused on Wooden Boat Building. Today, the school has grown to incorporate diploma and Associate's degree curriculums with concentrations in five programs:

[Wooden Boat Building \(Small Boats Option\)](#)  
[Wooden Boat Building \(Cruising Boats Option\)](#)  
[Composite Boat Building Program](#)  
[Yacht Design Program](#)  
[Marine Systems Program](#)

The Landing School's driving force is to bridge the gap between theory and practice, providing graduates with the skills and understanding necessary for current employment opportunities and future career growth. The Landing School is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC). The Landing School is also approved as an institution of higher education by the Maine State Approving Agency for Veterans Education Programs..

Please [click here](#) to view the complete course description in our academic catalog.

A student may complete one educational program and receive a [diploma](#) or a student may choose to complete two educational programs plus general education courses and receive an [Associate of Applied Science Degree in Marine Industry Technology \(MIT\)](#). The Landing School serves the marine industry by providing skilled employees who design, build and repair boats with the highest standards of quality. Accordingly, The School receives generous support and direction from the industry in curriculum design and program implementation. Noted industry leaders regularly lecture at The School and evaluate student work.
