

Tacoma Community Boat Builders

Boat Building for Court Involved Youth

Here you will provide a description of the specific program you are offering. It can be about one or two paragraphs long.

Tacoma Community Boat Builders (TCBB) is a community based non-profit offering positive youth development programming for court involved youth and at-risk youth. TCBB is dedicated to breaking down the barriers that inhibit at-risk and other youths; helping them to acquire skills, integrity and confidence to be citizen and work ready; make it possible for them to develop a sense of belonging, learning and growing together; and restore their sense of self-worth and value to the community.

We achieve these ends by providing activities and programs for participants to work one-to-one with adult mentor-craftspeople learning the craft and practice of wooden boatbuilding, boat restoration, boat handling and other elements of maritime culture.

Program Statistics (Annually): (If you have additional detail of interest, please add at bottom.)
