

Northwest School of Wooden Boatbuilding

12-month Associate of Occupational Studies Degree Programs

The Northwest School of Wooden Boatbuilding teaches craftsmanship through boatbuilding. For 35 years the school has taught over 1,500 graduates the skills required to build and maintain both traditional

and contemporary wooden boats. The school's post-secondary programs are accredited by the Accrediting Commission of Career Schools and Colleges. These include 9-month diplomas or 12-month Associate of Occupational Studies degrees in Traditional Small Craft, Traditional Large Craft, or Contemporary Wooden Boatbuilding. The school is currently developing a new Marine Systems curriculum.
